Section 3 - Hazards Identification EMERGENCY OVERVIEW

Appearance: Viscous. **Flash Point:** None Nuisance dust.

Target Organs: None

Potential Health Effects

Eye: Slight irritation. **Skin:** None known

Ingestion: May cause irritation of the digestive tract.

Inhalation: May cause irritation.

Chronic: No long term effects from repeated exposure have been observed.

Section 4 - First Aid Measures

Eye: Flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical aid if irritation persists.

Skin: Flush skin with plenty of soap and water for at least 15 minutes, while removing contaminated clothing and shoes. Get medical aid if irritation develops or persists. Wash clothing before reuse.

Ingestion: Induce vomiting by giving syrup of ipecac. Get medical attention immediately.

Inhalation: Remove from exposure to fresh air immediately. If not breathing, give artificial respiration.

Section 5 - Fire Fighting Measures

General Information: Containers can build up pressure if exposed to heat and/or fire. As in any fire, wear a self-contained breathing apparatus and full protective gear. During a fire, irritating and highly toxic gases may be generated by thermal decomposition or combustion. Use water spray to keep fire exposed containers cool.

Extinguishing Media: Apply all purpose type foam by manufacturers recommended for large fires. Use water spray, carbon dioxide or dry chemical media.

Flash Point: None

Autoignition: None

Temperature:

Explosion limits: None

NFPA Rating: (estimated) Health: 1; Flammability: 0; Reactivity: 0

Unusual Fire and Product will not burn but may spatter if temperature

Explosion Hazards: exceeds boiling point. Extreme heat may cause closed containers to burst. Dried films of product are capable of burning, giving off oxides of carbon/nitrogen.

Section 6 - Accidental Release Measures

Spills/leaks: Contain spills and salvage as much material as possible. Pick up remaining material with suitable absorbent.

Section 7 - Handling and Storage

Storage: Store at normal temperatures and conditions of warehousing. Keep container closed when not in use. Do not allow product to freeze. Wash contaminated clothes before re-wearing.

Section 8 - Exposure Controls, Personal Protection

Respiratory protection: Not normally required

Ventilation: Local exhaust, general mechanical
